## Experience

---

### **Python Developer**

Jan 2022 – Current

- Develop web-based applications related but not limited to web scraping, Rest-API & databases.
- Develop full stack databases using Python, Django, Flask, PostgreSQL, and AWS.
- Develop interactive back-end style games using Object Oriented Programming.
- Run database queries as well as update data & models using Object Relational Mapping.
- Employ automation tools such as Selenium.

## Leadership

---

I have over 10 years of leadership roles throughout my career. From 2011-2016 as a Lead Station Agent for American Airlines. The last 5 years I have been managing my own Mental Health Recovery Business in Los Angeles California.

## Skills

---

AWS  
ORM  
Flask  
HTML  
Python  
Django  
Docker  
REST API  
PostgreSQL  
Web Scraping  
Beautiful Soup  
Selenium Web Driver  
Object Oriented Programming
